

HERE COME THE GIRLS!

Three adorable White Lion cubs have been born at West Midland Safari Park to the delight of Park staff and are now ready to accept visitors!

The three tiny females - born on 10th July 2009 - are just fourteen weeks old and in lion cub terms weigh an impressive 15 kgs each. They are thriving and becoming more 'girlie' every day -with their perfectly formed features - snow-white fur and enchanting, mischievous gaze.

The cubs have been nicknamed Portia, Phoebe and Pandora and now make their public debut for the first time since they were born. All three cubs can be seen every day throughout half term, under the ever-watchful eye of their very proud Mum Natasha.

The Park, renowned as the 'Home of the White Lions', have the largest pride of breeding White Lions in UK - which totals 16.

White Lions are extremely rare and shrouded in mystery. Legend has it that once every hundred years, magical White Lions will be born bringing joy to all that witness them.
